*Organic Malted Barley Flour Whole Grain is 100% pure diastatic malted barley flour which has been milled from the whole malted barley kernel—the husk, endosperm and germ. It is a whole grain, all-natural dough conditioner that provides uniform and improved fermentation and improves machinability and extensibility. Enzymatic digestion of starch increases fermentation, relaxes the dough, decreases proofing time, increases volume, enhances browning and softens the crumb. Malted barley is a natural humectant that helps extend product shelf life. It is USDA Certified Organic, Kosher Certified and made from non-GMO sourced raw materials for a clean label.*
